

WEDNESDAY, JAN. 6, 1875.

DENMARK is about to abolish nobility in that kingdom. — *New York World.*

Better transport them to the United States. Every grade and color of nobility and royalty is in demand here.

THE HERALD's large edition of the great 1st of January number was exhausted yesterday morning. To the four thousand copies issued we might have added two thousand more and found ready sale for them.

It will be seen by a telegram from Nevada, printed in another column, that there is trouble in the Republican camp, and SHARON's followers have revolted. We have no faith in this story. The slips between the cup and the lip are rare, when it is a rich man's lip that seeks the cup.

Now that a State election is near at hand, the subject of Chinese immigration is once more attracting the attention of some of our contemporaries. If we could have had an election every two weeks since 1849, it is probable that a single Chinaman would have had an abiding place on the Pacific coast.

THE *Evening Express* is of the opinion that if the Los Angeles and Independence Railroad is to pass through Cajon Pass, it must run through this city. The conclusion does not follow the assumption. The road ought to run through this city, and it is the business of our people to see that it does. God always helps those who help themselves.

To Mr. F. P. F. TEMPLE is in great part due whatever degree of success may attend the enterprise of building the Los Angeles and Independence Railroad. He has labored long and diligently in the cause and has spent his money freely in procuring preliminary surveys and reports. Mr. TEMPLE is one of the few rich men of Los Angeles county who are willing to invest their money in undertakings which will benefit the whole community as well as their individual selves, and it is such men who develop a country's resources and aid in securing it trade and commerce which thoroughly selfish men would allow to pass into the control of other and more liberal minded communities.

## Gubernatorial Aspirants.

The election at which the people of California will choose a Governor, to succeed the present incumbent, is but little more than half a year in the future. The near approach of the day when the successor to Governor BOOTH shall be named, is arousing politicians and gubernatorial aspirants to action and the names already reported, of those who would like to be Governor, comprise quite a list. There will be three kinds of candidates—Democrats, Independents and Republicans. At present we shall name over a few of the first-named party's patriots who would like to devote four years of their valuable time to the business of playing figure-head to the Golden State. The HERALD is an independent journal, and from its independent standpoint it looks at the character and qualifications of aspirants—not their political complexion. We may also have an opinion as to a man's chance of election. In this, however, it is more than probable our views will not be concurred in by many of the candidates or their friends. Of one of the candidates—Senator ROACH—the HERALD has heretofore said a good word. He is a thoroughly honest man, but will find many in his own party who will doubt his ability to satisfactorily fill the gubernatorial chair. He is already opposed by many of the old leaders of the party, whom he has in times past aided into office. THOS. FINDLEY is on the list. His strength is of a negative character; that is to say, nothing can be urged against him, if nothing is to be said for him. Senator T. J. KEYS, of Stanislaus county, is named. "Honest old Tom" has been too much the friend of the Central Pacific Railroad Company to be the friend of the San Joaquin valley Grangers. However, if called upon he would wield the Executive baton with a muscularity astonishing to light weights. IRWIN, of Siskiyou, has aspirations equal to the frog that blew himself to smithereens on a drinking bout with the ox. He is a man of large pomposity and little mental calibre. He was to fame and fortune unknown until he chanced to be one of the immortal bakers' dozen who sustained Governor HAIGHT's veto of the railroad subsidy bills. The prestige he gained by this chance shot he lost through his shilly-shally course on the Freights and Fares bill during the last session. When IRWIN is Governor of California, NORTON I. will be Emperor of all the world. FARLEY, of Amador,—portly JEMES—would like to be called Governor, but he voted to carry those subsidy bills over the Governor's veto, and thereby hoisted himself on his own petard. LARKIN, of El Dorado, would make a good Governor, but there are ten thousand men who would make just as good who will never run for the office and yet come just as near being Governor as HENRY. T. C. RYLAND, of Santa Clara, is a candidate of fine ability, but being a Catholic he will be opposed by

the Crescents of San Francisco. Senator BOGGS, of Colusa, would accept the place but he is a Democrat of the Bourbon school, and the independent element does not take kindly to that class of candidates. JACKSON TEMPLE, Governor HAIGHT's law partner, is a candidate and has been during the memory of the present generation. As during all the long years that are now numbered with the past the people have not recognized Mr. TEMPLE's claims, we see no reason why they should do so now nor in the future. Judge A. C. BRADFORD, of Fresno, is one of the best men in the list, but FARLEY and IRWIN will oppose his nomination on the ground that he is wiser than he, which is not true. Last on the list comes our townsman ex-Governor DOWNEY. The Governor is young, handsome, rich, liberal, to a fault, but as the HERALD cannot support him of course his chance of election is just no chance at all.

## AN IGNORANT MINISTER.

C. A. McFadden, pastor of St. Charles Church, Mahoney City, Pa., in a letter to the *New York Herald*, denounces Free Masons, Odd Fellows, and kindred societies as "enemies of religion and morality." The *Herald* of a few days later contained the following response, which, being but a straightforward statement of facts, should be read by all:

"An attack has been made in your issue of the 27th ult. by a correspondent who signs his communication 'C. A. McFadden,' that demands at least a passing notice. I have no desire nor capability of writing a long article, but would simply state that I am a member of Unity Lodge, No. 288, I. O. O. F., and a member of Fortitude Lodge, No. 19, F. & A. M. Being, therefore, an Odd Fellow and a Mason, I regret exceedingly to find a gentleman so far deficient in knowledge, though entitled to the prefix of reverend, as to give the reverend gentleman such information as he seems to lack. All lodges of Odd Fellows, of the Independent Order, Subordinates or Grand, are opened and closed with prayer, solemn and fervent, addressed to the same Heavenly Father as the Rev. C. A. McFadden prays to; and after reading the minutes of the previous meeting, the first business is for the principal officer of the lodge to make that beautiful and Samaritan inquiry, 'Does any brother know of a brother that is sick or in distress?' The information given, the necessary relief, always at hand, is without stint afforded. It is with feelings of pride that I make the assertion that Odd Fellows relieve their own distressed; relieve, visit, watch and aid their own sick, no matter how long the illness may continue; relieve their own widows and orphans; and send their thousands of dollars to the relief of Shreveport, Memphis and Chicago in their great calamities, all out of their hard earnings, not a penny from the outside world, no throwing ourselves upon the charity of any corporation; but, as good citizens and Christians, knowing that God will help those who help themselves, we lessen the taxes and burdens that, as a natural result, would follow the existence of such moral and religious institutions."

"Robert Burns, the poet, says that 'facts are chieftains that wunna stan' dispuin'. I shall give my friend and brother a few facts that should satisfy him or any other friend whose mind is not warped by prejudice or malice. The Independent Order of Odd Fellows in the State of New York alone number 35,655 contributing members, and 402 Lodges. The aggregate amount of relief paid by the Order last year amounted to \$1,490,274.72, or nearly a million and a half of dollars. We number nearly half a million in compliance, and our annual aggregate approximates \$5,000,000. I may, therefore, with some equity ask the question, What immorality, what irreverence, what immorality, in thus combining with my fellow-man, no matter what sect or creed he may advocate, to elevate our characters and prepare for adversity in the days of our prosperity, making ourselves better husbands, better fathers, and better members of society? There are many more Odd Fellows than ministers, and I would advise my worthy friend, the Rev. C. A. McFadden of Mahoney City, when he next wants to write about the immorality of his neighbors, to take a short excursion to Philadelphia, Brooklyn, New York, Jersey City, and several other places where strong suspicious circumstances among brethren of his own cloth might produce the text for a good letter about 'The Enemies of Religion and Morality.'"

## Mining News from Arizona.

PRESCOTT, January 4th. — Reports from Yavapai county are very favorable. The owners of the Vesuvius mine made a clean up a few days since of \$1,500 from eighteen tons of their ore. The gold brings \$18 per ounce in Prescott. The *Miner* says there is \$30,000 in gold dust now in Prescott, which has been taken out within the last month. Owners of claims, who have done the necessary work to hold their claims, have commenced to notify delinquent shareholders that they must pay up or lose their interests.

## Drowned in the Mud.

SAN FRANCISCO, January 2d. — Early yesterday morning an unknown man was found lying dead in the street, at the corner of Pacific and Montgomery Avenue. The body bore no mark of violence. He is supposed to have fallen down helplessly drunk, with his face downwards, and to have smothered in the mud.

Henry Kunzly was arrested on December 29th at You Bet on the charge of rape upon the person of a little girl five years of age, named Flagg, at Hunt's Hill.

The track of the narrow-gauge railroad is complete from Saucito to Tonalas.

**The Vicksburg Investigation.**  
VICKSBURG, January 4. — The committee continued its investigation to-day. Dr. J. M. Hunt related his interview with Owens, the leader of the negroes, who came in on Grove street on the morning of December 10th; his trying to see Crosby, and the latter's ordering him to go home with the negroes. Owens also testified and said he was acting under Crosby's orders. He did not know what was wanted of himself and force, but supposed it was to help Crosby about getting his office. He said the whites fired on his men after they had started to go home. He said Crosby sent written orders for all negroes to come into town and that he believed Governor Ames was responsible for the trouble.

**The Virginian Indemnity.**  
NEW ORLEANS, January 4th. — The President is disposed to take vigorous steps in regard to the Virginian indemnity case. He has been lenient heretofore on account of sympathy with the Spanish Republic in its troubles. The accession of Alfonso as King opens a way for decided action, and it is thought that a settlement will now be speedily reached.

## Washington News.

WASHINGTON, January 4th. — Congress met to-day, after its usual recess. Senator Morton presented a petition from the colored citizens of Indiana, protesting in behalf of 15,000 colored voters of Indiana, against the recent decision of the Supreme Court, depriving them of their rights as citizens and their children of an education. They declare their belief that this decision is contrary to the recent amendments to the Constitution and violative of public policy, and ask that the law officer of the Government be directed to appeal the case to the Supreme Court of the United States. Referred to Committee on Judiciary.

Mr. Conkling, of New York, presented a memorial of the Mutual Life Insurance Company of New York, asking that the provisions of the law excluding them from the benefits of the Geneva award be repealed. Referred to the Committee on the Judiciary.

Mr. Pratt, of Indiana, introduced a bill to amend the pension laws by removing the disability of those who have since enlisted in the army of the United States. Referred to Committee on Pensions.

Mr. Allison, of Iowa, introduced a bill to provide for the government, and promote the civilization of the Indians. Referred to Committee on Indian Affairs.

**The Louisiana Muddle.**  
NEW ORLEANS, January 4th. — The Congressional Committee proposed a compromise—to accept the resignation of Lieutenant Governor Amine, a colored Republican, and put Penn in his place, Kellogg to succeed Pinchback to the U. S. Senate. Penn will then be Governor. McEnery to be ignored.

An attempt to organize the House by the Republicans was proposed. The motion was carried. L. A. Wiltz and ex-Governor Hahn were put in nomination; Wiltz was elected. Many Republicans left the hall. Others attempted but were stopped. General Trotter was sent for to clear the lobby. The General, after doing this, entered the hall and presented some letters, stating that the body was illegal, and requesting him to eject such members as had not been returned by the Board. Six members were found and ejected, returned and ejected. The Democratic members, after a speech by Wiltz, denouncing the interference, left the hall and the State House, and went to No. 71 St. Louis street, and adjourned to 7:30 P. M.

## Nevada Politics.

CARSON, January 2d. — The legislators have all arrived, with the exception of those from Storey county, and they will be down to-night. The great topic of discussion is the reported decision from Sharon of several Republican members, the number being variously stated at from three to nineteen, who will refuse to go into caucus. The reasons assigned are various, some declaring that they will oppose Sharon on the ground that he is not a resident of the State. The movement is entirely unrepresented in Congress. Senators Jones and Stewart arrived in San Francisco, operating in stocks, and meanwhile Sutor is working like a beaver in New York and Washington to rivet the chain which he has long been forging for the Comstock lode. This abandonment of the post of duty by the Nevada Representatives is sharply criticised here.

Next to the Senatorship, the position of Sergeant-at-Arms of the Assembly seems to be the most important office. There are about twenty candidates, among the rest Dick Brown, formerly a deputy under Sheriff White in San Francisco. The strongest candidate is Mat Redding of Virginia City. Matt Caggs, Carson, will doubtless be Sergeant of the Senate.

Governor Bradley was stricken to-day with a mild attack of paralysis. It is believed that he will be all right in a day or two.

CARSON, January 3d. — The Storey Assemblymen held an informal meeting to-night in regard to the selection of a Sergeant-at-Arms. Strong opposition to Redding was developed on account of his being a member of the sporting fraternity. The delegation will probably unite on S. W. Putnam for this position.

The Republican Senators held a caucus to-night to take the reports of Committees out of Lieutenant-Governor Denver's hands. The ostensible reason for this is that Denver's intemperate habits will prevent a proper discharge of duty, but the real reason is to secure a Republican Chairman for all important Committees.

## Escape of Four Murderers.

TUCSON, January 3d. — Last night the murderers confined in the Territorial prison, namely, Holmes and Hall, the Desert Station murderers, Moore, the slayer of Duffield, and young Rivera, who is under sentence of death, laid a well-contrived plan upon the jailor, and about seven o'clock decamped for parts unknown. The jailor was seized and knocked down, bound hand and foot and locked up in a cell. They then went to a wood-pile, got an ax and severed their shackles, and went their way rejoicing.

## DIED.

GRECK, — In the city of Los Angeles, on the morning of January 5, 1875, the infant son of John Greck, on Main street, at 1 o'clock P. M.

SAINSEVAIN, — At Old San Bernardino, Cal., on Sunday evening, December 27, 1874, of scarlet fever, Louis Sainsevain, only child of Paul and Thelie D. Sainsevain, aged 3 years and 9 months.

It is seldom we are called upon to part with so bright, beautiful and promising a child—the pride of the neighborhood and the joy and hope of its parents. After a long and painful illness the little sufferer has been transplanted to a purer sphere.

WEDNESDAY, JAN. 6, 1875.  
TERMS OF ADVERTISING.  
ONE DOLLAR per square of ten lines, first insertion, and TWENTY-FIVE CENTS per square for each subsequent insertion.

POSTAL CHANGES.  
The following postal changes went into operation, July 1st, 1874: All publications are free of postage to subscribers in the country in which they are published. Books and packages of merchandise, to the weight of four pounds, can be sent by mail at the rate of one cent for every two ounces or fraction over. Tied packages may be entirely enclosed. Some portion of sealed packages must be opened for inspection.

LOCAL BREVITIES.  
Mr. Saxe has disposed of all but two of his thoroughbred bulls.  
"Sheet and pillow case" socials are the rage in San Diego.  
The shipments from Downey yesterday consisted of 171 sacks of corn.  
Last week Germain & Co. shipped 26,000 pounds of honey to San Francisco.  
Mr. Signoret is tearing down the old buildings in the rear of his fine block on Main street.

The turn-table at Anaheim was placed yesterday, and work on the side tracks is about completed.  
The first sale of the Centinela Land Company has been postponed from the 15th inst. to the 15th of February next.

"Good whisky and tolerable water" was the sign that a visitor had painted here the other day, for his saloon in Arizona.

On New Year's Day the good people of Anaheim gave to the laborers on the construction of the railroad a barrel of beer and several boxes of choice cigars.

Gabe Allen, the well known butcher, has purchased a thoroughbred bull, the "United States," from the Saxe Brothers. The bull was a year old last Christmas and weighs 705 pounds.

The people of San Bernardino are jubilant over the rumor that inside of six weeks work will be commenced on the extension of the railroad from Spadra to that town. They anticipate rail communication with Los Angeles by next May.

A branch office of Wells, Fargo & Co's Express is to be established, within a few days, at Riverside, with Messrs. Lyons and Reed as agents. The express matter will be carried on Robinson's stages.

Yesterday a car load of material was forwarded from here to Spadra for the erection of suitable buildings for a new restaurant and saloon. Messrs. Osborn & Robinson will manage the establishment, when completed and in operation.

Maria Antonia Villa de Reyes yesterday made affidavit before Judge Treadwell against Henry Niemeyer, charging him with the murder of her husband, by cutting down timber and destroying fences on her ranch.

Last night, about 9 o'clock, an unknown horseman fired several shots from his revolver on Spring street. A foot policeman tried to catch the fellow, but failed to make even time with the horse.

A suspicious character, named H. L. Wilson, just in from Arizona, was yesterday sent up for twenty days by Judge Treadwell, for stealing a bucket, worth about one dollar, from Tobin & Goodman.

A Chinaman yesterday reported to the police that on the previous evening, about dusk, he had been waylaid just east of the city limits, felled to the ground and robbed. He said his assailant was a "d-d Melican man," but could furnish no clue to identification.

There was quite a large meeting of Christians, of all denominations, at the prayer meeting held last night at the Fort Street Methodist Church. At the prayer meeting to be held at the same place to-night, the following will be the objects for prayer: For parents and children, teachers and guardians, for schools and colleges; for the Christian ministry; for Young Men's Christian Associations; and Sunday Schools.

Yesterday Judge Gray required T. C. Wallace, who killed Andrew Neilson, to give bond in the sum of \$1,500, for his appearance to answer to any charge that may be preferred against him by the next grand jury. He gave the required bond and was released from custody. The defendant and his son were the only ones present at the killing, and they declare that the act was done in self defense.

Board of Supervisors.  
The Board of Supervisors was again in session yesterday, and the following proceedings were had:  
As to the bills of the Coroner, the opinion of the District Attorney being given, it was ordered that where there is property belonging to the deceased person, the costs of the inquest shall be paid from that property, and that in other cases the bills shall be paid by the county.

It was ordered that the road between lands of P. P. Bacon and Gen. Stone-man et al., be opened according to the report of the road committee, made at the June meeting of the Board.

A petition was received from the janitor of the Court House, asking an increase of salary from \$60 to \$75 per month. Ordered that \$75 per month be paid until May 1st, 1875, and that after that date the pay be \$60 per month.

Action concerning the proposed bridge across the Deschutes creek, near San Juan Capistrano, was postponed until to-morrow.

A petition was received for a change in the boundaries of La Dow school district—action postponed until to-morrow.

Petition of Jas. Ventiviste et al., for change in public road in Los Angeles township read, but action postponed until consent of land owners concerned is obtained.

Adjourned until this (Wednesday) morning at 10 o'clock.

Criminal Statistics.  
The Sheriff of Los Angeles county reports that sixty-five convicts were sent to the State Penitentiary from this county from March, 1872, to January, 1875, and thirteen insane to the Asylum at Stockton. Nine were sent to San Quentin for murder, seven for manslaughter, three for murderous assaults, two for rape, one for forgery, two for embezzlement, one for mayhem, and the others for larceny and burglary.

During the same period 544 arrests were made by the Sheriff and his deputies, for the following crimes and misdemeanors:

Personal.  
On the last day of the year the Chinamen employed at Panamint were told to "take a walk."

The reported killing of six men at Panamint was without foundation.

H. A. Jones has gone to San Francisco with magnificent specimens of ore from Jacobs' Wonder mine and the Hemlock mine.

At least one dozen buildings are in process of erection, and many substantial improvements are contemplated in the Spring.

The foundation for the twenty stamp mill is complete and the masonry will soon be commenced.

The average shipment from the Wyoming mine is ten tons of sacked ore per day.

City Treasurer Mellus has his headquarters in the County Clerk's office.

Mr. Cogswells, the eminent portrait painter of San Francisco, arrived in this city yesterday, on a visit to his daughter, the wife of Mr. Rhodes.

Among the late arrivals at Anaheim are the following: Mr. C. Weldey, a prominent merchant of Philadelphia; E. H. Stanley, of Quebec, Canada; J. C. Ellis, F. A. Corwelle and James O. C. Ellis, of Boston. Several of these gentlemen expect to make investments in Anaheim or vicinity.

The HERALD is in receipt of a copy of the annual report upon the "Surveys and Harbor Improvements in California," with the compliments of Lieut. Sears, U. S. A. By the kindness of that gentleman the HERALD publishes it in its first of January, 1875.

County Physician's Report.  
From the report made to the Board of Supervisors, by Dr. J. P. Widney, physician in charge of the Los Angeles County Hospital, for the three months ending on the 31st of December, 1874, the following items are taken:

During the quarter 61 males and six females were admitted to the hospital, and 75 males and 10 females were under treatment during that period. During the quarter 10 patients died and 37 were cured and discharged, leaving 33 patients in the hospital on the 1st of January, 1875.

The causes of death during the quarter were as follows: Alcoholism, 1; paralysis, 2; phthisis, 4; aneurism, 1; inflammation of the bowels, 1; fever, typho-malarial, 1.

Besides the cases admitted to the hospital, a great many others have been furnished medicines, and medical attendance, free, on condition that they should furnish their own board.

Several cases, sent here directly from the hospitals of other counties, have been received for a few days, and then turned over to the county physician, to carry them back to the counties where they belong and are entitled to support. In no case, however, has a citizen of this county been sent away to become a burden to another county.

At various times persons have applied for admission to the hospital, saying that they were citizens of Santa Barbara county, but that when they applied for relief in their own county they were told that there was no public hospital in Santa Barbara county, and that they must shift for themselves. These poor persons told the county physician, at the hospital here, that they knew they had no claim upon Los Angeles county, but that unless this county would charitably care for them, they would have to die in the fields. From no other county than Santa Barbara have such complaints ever come. San Diego, San Bernardino, Inyo—all care for their own sick.

Many persons come here sick, remain long enough to give them legal citizenship, and then apply for admission to the County Hospital. This is a manifest injustice for which it is difficult to see a remedy. Some State legislation is much needed upon these points. It is not just that one county should bear the legitimate burdens of another, because that other refuses to do its duty toward its own indigent, suffering citizens.

The Mines in Inyo County.  
An old prospector gives the following particulars of the buried treasures of Inyo county; and when the railroad from Los Angeles to Independence is built, this entire region, so rich in mineral wealth, will be tributary to this city:

Between Cerro Gordo and Panamint have just been discovered the most remarkable deposits of carbonate ore ever heard of. Panamint is "no where" in comparison with these new discoveries, and the excitement over them will be immense in the Spring. The old miners in Inyo county are

wild with joy, and well may they feel exultant, for in a belt of less than 100 miles lies the Escondido mining property, near Independence, held in London, England, and valued at \$2,000,000; then there is Cerro Gordo, with the Union mine, the owners of which refused \$1,500,000, and two other mines in Cerro Gordo, held in New York, of equal value with the Union; of the Panamint region, with its many valuable mines, and its thousands of miners already on the ground, all are acquainted; quicksilver discoveries of great richness are daily being made; and, lastly, these new mines at Coso, richer and more extensive and more accessible than any. Well may Inyo county lay claim to being the richest mineral county in the State.

The California Immigrant Union.  
The report of the operations during the year 1874 of the Immigrant Union will be a favorable one, although its operations were seriously curtailed by the failure to secure an appropriation from the State. The California Reporter, just received, says:

The business has been conducted with commendable energy by the General Agent, W. H. Martin, who has succeeded in disseminating a wonderful amount of information concerning our resources, and the advantages which California offers to men not afraid to labor. At the office of the Union, California street, just below Kearney, the immigrants will always meet a cordial welcome, and every facility afforded to aid in his selection of such a location as his means or inclination may prompt. Largely by the influence of the Union, and its facilities for sending information to every portion of the world, the subdivision and sale of the Lompoc Rancho was effected; and it is now engaged in a similar enterprise in connection with the Centinela and Sausal Redondo Ranches, six miles west of Los Angeles, by which 25,000 acres of land will be cut up into small farms, and placed at prices easily compassed by men of small means. The first auction sale of property will take place on the 15th of February, 1875.

Grand Jurors in County Court.  
The following is the list of Grand Jurors, for the January term of the County Court, drawn yesterday in accordance with the provisions of the Code, in the presence of Judge O'Melveny:

Samuel Meyer, Los Angeles; W. K. Henninger, San Gabriel; Frank Baker, Los Angeles; Henry Branson, Los Nietos; Charles Harter, Anaheim; David F. Hall, San Gabriel; Romulo Pico, San Fernando; Richard Helmann, Anaheim; Ben Harris, Los Nietos; Jesse Hunter, Los Angeles; George Fountain, San Juan; Joseph Devore, Compton; F. D. Hancock, Los Nietos; J. F. Lewis, La Bolla; J. H. Burke, Los Nietos; J. V. Dilly, Los Angeles; Jacob Miller, Los Angeles; F. W. Gibson, El Monte; T. H. Burdick, San Jose; John Bower, Los Angeles; L. Lichtenberger, Los Angeles; E. W. Champlin, Anaheim; R. E. Blake, Azusa; J. R. Condon, San Juan.

The Late Silver Discoveries.  
One of the HERALD's many friends in San Fernando sends us the following particulars concerning the late discoveries of silver quartz in that section, with the promise of "some thing still more startling" at an early day:

SAN FERNANDO, Jan. 4th.  
EDITOR HERALD: Our prospecting for cinnabar in this locality has resulted in the discovery of an exceedingly rich deposit of silver-bearing rock within twenty-five miles of San Fernando. The ledge runs northeast and southwest, and shows croppings in that direction some 6,000 feet, while it measures 1,200 feet in width. From tests made to-day, by smelting in an ordinary crucible, quite a large quantity of pure silver was obtained. Some persons have expressed the belief the ore will assay \$500 per ton; others have placed it at \$1,000. Nothing accurate can be given until an assay of the ore is made. You may expect to hear of something startling then.

The Cinnabar Discoveries.  
The following communication to the HERALD needs no words of explanation:

LYONS, STATION, Jan. 4th.  
EDITOR HERALD: Having just returned from a highly successful tour, through the neighboring mountains, with Capt. Kraszynski of this place, and knowing that at all times the HERALD is anxious to give its readers the latest and most complete intelligence concerning the development of the immense mineral deposits in this county, I forward to you the following information regarding the wonderful discoveries of cinnabar lately made in the San Fernando region. The ledge in question had been discovered and located by the Captain some time since, but long neglected. He has now purchased a large stock of second hand furniture, and is about to erect a building for the purpose of storing the same, and everything in the furniture line. Jan. 3-4

NEW ADVERTISEMENTS.  
CENTINELA LAND COMPANY. SIX MILES FROM LOS ANGELES.  
The Home of the Orange and the Lemon.

AUCTION SALE  
—OF—  
TOWN LOTS  
—AND—  
5, 10, 20 and 40 Acre Farms,  
WILL COMMENCE ON  
Monday, January 18, '75,  
AT 12 O'CLOCK M.,  
AND CONTINUE  
FIVE DAYS.

The sale will take place on the Rancho. Parties desiring to purchase SHOULD BE ON THE GROUND a few days prior to the sale, in order to EXAMINE THE PROPERTY.

Title, UNITED STATES PATENT. Situation.

"Centinela," with the addition of the "Sausal Redondo," contains 25,000 acres. The boundary of the Rancho commences three and a half miles from the city limits of Los Angeles, and extends to the Pacific Ocean.

Topography.  
"Centinela" is made up of one broad, level, fertile valley of over twenty thousand acres, and beautiful fertile rolling hills near the ocean.

Soil.  
The soil is an exceedingly fertile loam, and is, without exception, the richest and most productive in all Southern California. Its vicinity to the ocean insures a crop without irrigation. Excellent wheat has been raised for the last two years upon the hills adjoining the ocean. This wheat field contains 1,000 acres and covers the highest soil upon the Rancho. There is no alkali or barren land.

Semi-Tropical Fruits.  
There are a few bearing orange and lime trees upon the Centinela, and the fruit they produce is of the largest and finest quality. There is an orchard containing 6,000 orange trees three years old, and 1,700 almond, lime and lemon trees. The almond, lime and lemon trees will bear fruit in 1875. The orange trees will bear in five years. There are 7,000 three-year-old orange trees in the nursery near the orchard. Fig, pepper and gum trees grow without irrigation. The entire orchard can be taken care of by three men with six horses. The orchard will be kept undivided by the company to insure the expense of each shareholder having a free tree to take care of. Each share will entitle the owner to about 15 trees in the orchard and about the same number in the nursery. The almond, lime and lemon trees will yield an immediate return. In five years each orange tree will produce \$20 per annum, or \$500 per share for those now planted. There are flowers in the garden in bloom every day in the year.

Sheep.  
After the lambing season in January the flock of sheep will number about 14,000 and they will be kept undivided. I have expenses to the shareholders. This will give about thirty sheep to each share. The sheep will produce, in increase and wool, over \$2 each yearly expenses. They will be grazed upon outlying and unoccupied lands of the Rancho, where "no fence" law is in force in Los Angeles county, to supply every lot with crystal, cool, sweet water.

Climate.  
The climate of the Centinela is, without exception, the finest and most equable in the world. It varies but little throughout the year. The temperature is about 60 deg. Fahrenheit, but little below 60 deg. in Winter and rises but little above 60 deg. in Summer. You can see your own feet in blankets and with your bedroom window open every night in the year.

Agriculture.  
The soil of the Centinela is admirably adapted for all kinds of grain, vegetables and fruit.

Water.  
The Centinela creek rises upon the rancho and runs through the northern portion of the tract. It affords an abundance of clear spring water. The source of the Centinela creek consists of several natural artesian springs, showing that artesian water can be obtained by boring.

The Town.  
A square mile is laid off at an eligible point on the tract, with lots 20x40; avenue 100 feet and streets 30 feet wide.

A stream of water can be brought in so as to supply every lot with crystal, cool, sweet water. Provision will be made for a College and Farm School.

A large lot will be set apart for each religious denomination. A block will also be given for the erection of a large hall by the different Fraternal, Grange and Temperance Societies.

Fare.  
Parties desiring to visit the land should take steamer from San Francisco to Los Angeles, via San Pedro. By the route of the S. S. Workman's Bank, in Los Angeles, they will be directed to the Rancho.

Apply to  
Wm. H. MARTIN, General Agent California Immigrant Union, 65 California street, San Francisco, bet. Montgomery street and the Golden Gate.

TEMPLE & WORKMAN, Bankers, or Gen. SHIELDS, Los Angeles; or O. L. ABBOTT, Corresponding Secretary State Grange Immigrant Aid Association, Santa Barbara.

P. S.—A second sale will take place on the Rancho, commencing on MONDAY, the 8th of March, 1875.

Further information will be furnished by the officers and Directors of the Centinela Land Company of Los Angeles, who are: F. P. TEMPLE, President; F. P. HOWARD, Vice-President; J. S. SLAUSON, Los Angeles County Bank, President; W. B. ROSS, Secretary; J. M. GRIFFITH, of Griffith, Lynch & Co., Los Angeles; General J. H. SHIELDS, Los Angeles; O. W. CHILDS, Los Angeles; D. FREEMAN, on the Rancho.

W. H. J. BROOKS, Secretary.

ENDORSEMENT OF THE  
HON. J. ROSS BROWNE.  
SAN FRANCISCO, November 28, 1874.  
Wm. H. MARTIN, General Agent California Immigrant Union—Dear Sir:—I have just visited the "Centinela and Sausal Redondo" Rancho, and am in full and complete agreement with all my experience in the southern part of California, I have seen nothing to surpass this tract in fertility of soil, beauty of location, and advantage of easy access and salubrity of climate. For purposes of colonization, I know of no larger body of land so near a growing commercial center, in California or elsewhere, to equal it. No part of it is unsuitable for farms, orchards or homesteads. It can be subdivided into lots ranging from five acres to several hundred acres and every acre of it can be made productive. Water is abundant and convenient. The land is well adapted for the raising of stock, and the fact that it will produce anything that flourishes in Los Angeles or Santa Barbara counties, is in my confident opinion, that the value of shares in this magnificent tract will be quadrupled within two years—such is the enormous influx of immigration to the vicinity of Los Angeles at the present time. Wishing you success in your undertaking, I am, very truly yours, J. ROSS BROWNE.
